**[IFCC Professional Scientific Exchange Program \(PSEP\)](#)**

**[News from Clinical Laboratory Standards Institute \(CLSI\)](#)**

**[Forthcoming Meetings](#)**

The IFCC eNewsletter gathers and disseminates information about the activities of the Federation. It includes the activities and position statements not only of the IFCC Divisions, Committees, Working Groups and Corporate Members, but also those of the National Societies and Associations. Local news are welcomed, as they inform everyone on our professional environment, opportunities and perhaps problems.

The liberal exchange of ideas, insured by the IFCC eNewsletter, assures a lively and instructive discussion forum. Your contribution is essential in achieving this goal.

To send your contribution, please write to the Newsletter Editor: Prof. Edgard Delvin - [delvine@sympatico.ca](mailto:delvine@sympatico.ca)
